Part 12: Details About Environmental Information

For the purpose of Part 12, the following definitions apply:

- Environmental law means any statute or governmental regulation that concerns pollution, contamination, or hazardous material, regardless of the medium affected (air, land, water, or any other medium).
- Site means any location, facility, or property, including disposal sites, that the debtor now owns, operates, or utilizes or that the debtor formerly owned, operated, or utilized.
- Hazardous material means anything that an environmental law defines as hazardous or toxic, or describes as a pollutant, contaminant, or a similarly harmful substance.

Report all notices, releases, and proceedings known, regardless of when they occurred.

24. Has the debtor notified any governmental unit of any release of hazardous material?

☐ No

☒ Yes. Provide details below.

Part 12: Details About Environmental Information

For the purpose of Part 12, the following definitions apply:

- Environmental law means any statute or governmental regulation that concerns pollution, contamination, or hazardous material, regardless of the medium affected (air, land, water, or any other medium).
- Site means any location, facility, or property, including disposal sites, that the debtor now owns, operates, or utilizes or that the debtor formerly owned, operated, or utilized.
- Hazardous material means anything that an environmental law defines as hazardous or toxic, or describes as a pollutant, contaminant, or a similarly harmful substance.

Report all notices, releases, and proceedings known, regardless of when they occurred.

24. Has the debtor notified any governmental unit of any release of hazardous material?

☐ No

☒ Yes. Provide details below.
